

# Working with Ooooby

Ooooby is a super-efficient, local food distribution operation with an expanding network of customers who receive food delivered weekly to their door.

*We are looking for local growers and artisan producers to supply us!*

## **Here's how it works:**

Each Friday the Ooooby crew will call or email you a list of produce they want to buy from you, based on knowing what you are supplying and knowing what Ooooby customers want.

You then deliver the agreed upon volume of produce to the Ooooby hub on the following Monday.

Ooooby pays you a minimum of 50% of the retail price for fresh produce. We simply take your delivered wholesale price and double it to determine the retail price. Paying suppliers promptly is at the heart of our fair trade philosophy.

Our payment terms are as follows:

Fresh produce (fruit & veg supplies) - 7 days

Fresh groceries (includes eggs, bread) - 14 days

General groceries (stockable) - 20th month following date of supply

For more information call Daphne on 022 4044 262 or email [waikato@ooooby.com](mailto:waikato@ooooby.com).

We look forward to hearing from you!
