

# TELL YOUR STORY...

ARE YOU INVOLVED IN NOT FOR PROFIT WORK THAT IS MEANINGFUL AND MAKING AN IMPACT?

---

Captivating stories are unfolding before you with each passing day, but these profound moments slip by without being recorded onto photos or video. The thought of taking on the role of photographer or capturing video is overwhelming to you. You barely have enough time to do your own work, let alone the work of a photojournalist!

So you have taken the needed pictures and video, but the heart of the story seems to be missing. The quality of the images is not what you had hoped for. Do you have to rely on a professional photographer, videographer or social media guru to tell the story for you?

## We don't think so.....

On Field Media Project can equip you with the skills needed so you can be the visual storyteller you need.

**Who:** 2-3 people from your organisation

**Dates:** June 17th-19th, 2016.

**Where:** Raglan/Whaingaroa

**Course:** Free, but koha to cover food costs & expenses.
