Special Guest Speaker:

South Waikato Achievement Trust (SWAT)

Ever wondered what happens to the e-waste you bring us for recycling?

In 2015, WEC started operating an electronic waste collection depot. Since then, we have collected nearly 24 tonnes of e-waste. From our warehouse, the items are then trucked to South Waikato Achievement Centre in Tokoroa, for dismantling and recycling to Ministry for the Environment standards. You'll hear more about SWAC and the programmes they run, as well as WEC's relationship with SWAC, and what actually happens to our e-waste.

Drinks and nibbles will be provided.

For catering purposes, **please RSVP by 18 November 2016**
(Please arrive by 5.15 for a 5.30 start)
